INTELLIGENT SMART LOCK

AK TouchSecure

A cutting-edge smart door locking solution.

The AK Touch Secure™ offers a seamless blend of smart technology and high-quality security features, working with our 3-Star locking cylinder. It achieves a TS007 3-Star rating, a leading security standard, and can be retrofitted to any of our existing doors.

The intelligent design means there is no evidence of the mechanism on the front of your door. This means you can upgrade your property's security while still retaining your door's aesthetics.

Controlled via an easy-to-use app, you can monitor and manage your door remotely anytime, anywhere, with locking and unlocking functionality. Fully compatible with Google Home and Alexa.

SAFE, SECURE & STRONG

Safety and security are important to everyone.

According to Home Office official crime statistics, 67% of burglars break in through the door, so that's why we only use the very best quality multi-point locking systems to keep your home and family fully protected.

Our doors are manufactured with a reinforced door frame and secured with a multi-point lock with two hooks, two finger bolts, and a deadbolt. Premium adjustable hinges and keeps meet the latest standards and legislation.

Snap Secure Technology

Patented Active Snap Protection. Creates a barrier to entry if attack is detected.

Your Security Guaranteed

ABS 3* Diamond grade locks come with a £2,000 snap secure guarantee.

Sold Secure Diamond

Master Locksmiths tested to the highest standard possible.

Secured By Design

Police preferred specification from the Police Crime Prevention Initiative.

TS007 3 Star Accredited

Stamped with the British Kitemark and 3 star standards.

STANDARD LOCK

By pushing the handle up the multi point hooks engage into the keeps in the door outerframe.

AUTO-ENGAGE LOCK

Then using the key or thumbturn, the door is securely locked.

Once the door is closed the nibs release the multi-locking points to automatically engage into the keeps in the door frame.

DOOR CONSTRUCTION

- All cores are manufactured with the latest technology using thick GRP (Glass Reinforced Plastic) skins.
- Doors are available in 7 standard colours and any RAL of your choice using the latest spray paint technology.
- All doors have excellent thermal efficiency with doors achieving a U-Value of 1.4 or better.
- Due to the structure and components of the door leaf, they have excellent acoustic properties.
- Tested to the latest tough standards of PAS24.
- Door leaf structure has a 25 year life expectancy.

SAPPHIRE RANGE

- Thick GRP (Glass Reinforced Plastic) skins ensure no cracking or delaminating.
- High density polyurethane core provides exceptional thermal efficiency.
- Door leaf structure has a 25 year life expectancy.
- Stability from the elements with its inner core of LVL (Laminated Veneer Lumber) encased with composite stiles and rails for protection against any water ingress.
- Composite doors are more thermally efficient than standard PVC or timber.

NEW DIAMOND RANGE

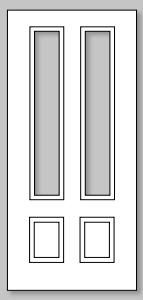

- Thermoplastic skin. No cracking, no-delamination 4mm thick skin.
- Encased LVL (Laminated Veneer Lumber) & hardwood stiles and rails for stability and protection against water ingress.
- 3 layered inner core of cross laminated engineered hardwood, creating a stronger, heavier and more robust door.
- Created from the best of both traditional and modern materials.

New diamond range, Callisto & Orion are not available, and the only colour options are White, Agate, Anthracite, Silver Grey-RAL7001, Slate, Pebble Grey-RAL7032, Black/Brown, Blue, Chartwell Green, Cream, Duck Egg Blue, Green, Red, Rosewood, Golden Oak, Irish Oak.
